FEATURES:

1. As this application is limited to one college ... We also are thinking to add a feature which can list group of colleges and from them the student will select any one college and fill the application form.
2. After filling the form , the student should be notified through email or SMS that he/she has successfully filled the details
3. Feedback form should be filled by student(student module) and it should be visible to admin after submission.
4. Error message to student if the photo size exceeds 25 kb.
5. All the documents should be uploaded in a pdf or word format only and photo should be uploaded in jpeg format only.
